Unauthorized Access to a Group Company (2nd Update)

DaikyoNishikawa Corporation announced on June 19 that an incident involving unauthorized access had occurred at one of our overseas consolidated subsidiaries in Indonesia.

As we continue our investigation in cooperation with external experts, we confirmed on July 2 that information potentially related to the overseas consolidated subsidiaries had been posted on the Internet. We are currently investigating the content of the posted information and the scope of its impact.

At this point, no impact has been confirmed on the systems of DaikyoNishikawa Corporation or any of our group companies, and there has been no impact on production activities or product deliveries to customers.

As soon as we identify any facts that should be disclosed through the ongoing investigation, we will promptly make announcements on our website.

We sincerely apologize again for the significant concern and inconvenience caused to our business partners and all other stakeholders.

End
